Re: Request for Extension of Milestone Dates

Pemberton Solar W 1-119, LLC (Docket #E012121119V)

Pemberton Solar WI-120, LLC (Docket #E012121118V)

Dear Mr. Neuman:

This letter responds to EffiSolar's correspondence dated June 2, 2016, in which the company requested an extension of the milestone dates related to the two Pemberton projects listed above, (PJM W1-119 and PJM W1-120). Pursuant to the February 11, 2015 Order, In re the Implementation of L. 2012, c.24, BPU Docket No. E012090832V, Staff has the authority to grant a reasonable extension of a milestone proposed in a project's supplemental filing, upon a request from an applicant at least 14 days prior to the date of the milestone.

EffiSolar's request was timely and provided justification for the request for milestone extensions. The June 2, 2016 letter referenced design changes and associated approvals required by project resizing, as well as changes in compliance requirements during the pendency of the applications and utility interconnection schedules. In addition, the applicant has demonstrated progress toward construction. For these reasons, your request for an extension of the interconnection milestones for the two Pemberton projects PJM W1-119 and PJM W1-120 is GRANTED. The projects may receive permission to operate no later than October 31, 2017.

Please continue to timely file updated information consistent with the Milestone Reporting Forms.

Sincerely,

A handwritten signature in cursive script that reads "Marisa Slaten".

Marisa Slaten
Assistant Director
