NJCEP - FY20 Proposed CRA, Budgets and Program Plans

The New Jersey Board of Public Utilities (BPU) today released the Fiscal Year 2020 (FY20) Straw Proposal for NJ's Clean Energy Program (CEP) Comprehensive Resource Analysis (CRA) and the proposed FY20 program budgets and compliance filings for stakeholder and public input. Through the CRA process, the CEP funding levels for energy efficient and Class I renewable energy programs are established. The proposed funding level will fully fund the core CEP programs and provide opportunities for new and enhanced programs that help residents, businesses, and state and local governments reduce energy usage, save money and improve the environment.

On May 23, 2018, Governor Murphy signed the Clean Energy Act (CEA) into law which established ambitious goals for the State of New Jersey's energy future. Additionally, Governor Murphy signed Executive Order No. 28 directing state agencies to develop an updated Energy Master Plan that provides a path to 100% clean energy by 2050. New Jersey's Clean Energy Program plays a critical role in meeting the requirements of the CEA and the FY20 plans provide a pathway to advance those goals.

The FY20 CRA straw proposal and the FY20 program budgets and compliance filings are available at NJCleanEnergy.com/FY20

The public hearing on the FY20 CRA Straw Proposal, along with the proposed FY20 program budgets and filings, will take place on June 7, 2019, at the State House Annex, Committee Room 6, 125 West State Street, Trenton, NJ 08608 at 10:00 a.m. Comments will be accepted through 5:00 p.m. on June 11, 2019. Comments may be submitted via email to publiccomments@njcleanenergy.com (Subject: FY20 CRA, Budgets and Program Plans) or in writing to:

Aida Camacho-Welch, Secretary of the Board
Board of Public Utilities
44 South Clinton Avenue, 9th Floor
Post Office Box 350
Trenton, New Jersey 08625-0350

We look forward to receiving your comments.
