Subject: Comments to Solicitation for Proposals to Develop Off Shore Wind Renewable Energy Facility Supplying Electricity to the Distribution System Serving New Jersey

Date: December 5, 2007

Because of the volume of comments and questions received regarding the Off Shore Wind Facility Supplying Electricity to the Distribution System Serving New Jersey, the timeframe for posting the responses to questions has been extended from December 5, 2007. The comments received on the solicitation and BPU responses to those comments will be posted shortly. Please note that the submittal of proposals will be extended accordingly and will be addressed in the comment document to be posted.

We appreciate your patience in compiling and responding to the important issues you have raised.
