C. IMPORTANT TERMS AND CONDITIONS

1. Participating contractors have to meet minimum training requirements, follow manufacturer installation guidelines and provide warranty service as specified by the program.
2. Contractors are required to either be certified by the North American Board of Certified Energy Practitioners (NABCEP) or have prior industry experience with Solar Domestic Water Heater (SDW) installations and have completed either an Interstate Renewable Energy Council (IREC) accredited or manufacturer SDW training.
3. The contractor must provide the customer with a signed, completed Solar Water Heating Self-Inspection System Checklist.
4. Contractors are required to comply with state and local plumbing, electrical and building codes and regulations and other requirements applicable under federal, state and local authority.
5. The system must be climate appropriate and must be installed in accordance with the manufacturer requirements.
6. Responsibility for proper sizing of equipment, as well as delivery and workmanship related to any equipment or services the customer procures, rests exclusively with the contractor selected by the customer. *New Jersey's Clean Energy Program* (NJCEP) provides no oversight or control over any contractor services related to this program.
7. Applicant must agree to an inspection by a NJCEP representative or designee.
8. NJCEP audits its rebate programs as a protection against consumer and/or contractor fraud. Any attempt to defraud NJCEP will result in automatic rejection of the rebate application and possible legal action.
9. NJCEP reserves the right to remove any contractor or manufacturer from the approved list for activities or communications that NJCEP determines to not be in the best interests of the SDW Program or of NJCEP.
10. Participants in the New Jersey ENERGY STAR Homes Program and the Home Performance with ENERGY STAR Program are not eligible to receive incentives under the Solar Domestic Water Heater Pilot Program.
11. It is the responsibility of the customer to assure that all requirements for the rebate are met and that all required documentation is provided.
12. Please allow up to 120 days from the date NJCEP receives **all required information** to process your rebate.
13. NJCEP reserves the right to modify or withdraw this program.
14. Please refer to the website www.NJCleanEnergy.com for updates under *New Jersey's Clean Energy WARMAdvantage Program*.
