C. IMPORTANT TERMS AND CONDITIONS

- This program is based on availability of funds. Procedures, requirements and rebate levels are subject to change and the program is subject to cancellation without notice.
- Funding for this rebate program for oil, propane, municipal and co-op electric customers is provided through the United States Department of Energy State Energy Program (SEP) and is subject to closure at any time.
- Due to the limited availability of funds, the program will terminate **when funds are exhausted or July 31, 2016**, whichever comes first. Notice will be posted on NJCleanEnergy.com.
- It is the responsibility of the customer to assure that all requirements for the rebate are met and that all required documentation is provided.
- Failure to provide any of the required information will prevent processing of your application.
- Rebate eligibility will be based on the equipment purchase date.
- Incentives are available for the installation of qualified HVAC and/or water heater equipment in existing residential buildings; newly constructed homes are not eligible.
- Please allow up to 120 days from the date New Jersey's Clean Energy Program (NJCEP) receives all required information to process your rebate.
- NJCEP reserves the right to inspect all installations in order to ensure compliance with all program requirements.
- NJCEP provides no oversight or control over any contractor services related to this program. Responsibility for proper sizing of equipment, as well as delivery and workmanship related to any equipment or services the customer procures, rests exclusively with the contractor selected by the customer. NJCEP assumes no responsibility for oversight of contractor services.
- NJCEP audits its rebate programs as a protection against consumer and/or contractor fraud. Any attempt to defraud NJCEP will result in automatic rejection of the rebate application and possible legal action.
- Contractors are required to comply with state and local plumbing, electrical and building codes and regulations and other requirements applicable under federal, state and local authority.
- Customers participating in other programs within NJCEP or New Jersey Weatherization Assistance Programs may not be eligible for rebates.

I have read, understand and am in compliance with all rules and regulations concerning this rebate program, including the instructions, terms and conditions provided on the cover page of this application form. I certify that all information provided is correct to the best of my knowledge, and I give NJCEP permission to share my records with the New Jersey Board of Public Utilities or its contractors, who plan to evaluate my energy usage. Additionally, I allow reasonable access to my property to inspect the installation and performance of the technologies and installations that are eligible for incentives under the guidelines of NJCEP.

I certify that, if old equipment has been replaced, the replaced equipment has been recycled according to the laws of the State of New Jersey. I have been made aware of the concerns and potential dangers should I replace gas heating equipment (e.g., furnace or boiler) without replacing a water heater that is either direct vented or power-vented as per information provided by New Jersey's Clean Energy Program at NJCleanEnergy.com/SAFETY.
