Re: Procedure for Making Alternative Compliance Payments as defined in N.J.A.C.
14:8-2.10

=====

The Renewable Portfolio Standards at N.J.A.C.14:8-2.10 states that by October 1st of each year, each supplier/provider shall file an annual report with the Board, demonstrating that the supplier/provider has met the requirements of this subchapter for the preceding year. If the annual report required does not demonstrate that the supplier/provider has supplied the energy required under Table A of N.J.A.C. 14:8-2.3 for the previous reporting year, the annual report shall be accompanied by RECs, solar RECs, ACPs and/or SACP in sufficient quantities to make up the shortfall.

To make Alternative Compliance Payments or Solar Alternative Compliance Payments, supplier/providers must issue a check payable to "Treasurer, State of New Jersey". **ACPs and SACP must be made via separate and distinct checks. In the memo field for each check, the supplier/provider must indicate the number and type of payment, indicate the reporting year, and include the supplier/provider's business name.**

For example, XYZ Company submitting 3 ACP and 5 SACP payments would submit two checks in the proper amounts made out to "Treasurer, State of New Jersey". One check would be payable to "Treasurer, State of New Jersey" for the ACP payments in the amount of \$150. The memo field would read: (3) ACP RY09 for XYZ Co. And another check would be payable to "Treasurer, State of New Jersey" for the SACP payments in the amount of \$3555. The memo field would read: (5) SACP RY09 for XYZ Co.
