

Successor Solar Incentive Program
Administratively Determined Incentive (ADI) Program
Energy Year 2025 New Remote Net Metering Market Segment
February 6, 2025

NJBPU together with TRC, the Program Administrator will be conducting a webinar on the requirements for the ADI Program's **NEW** market segment and capacity block for Remote Net Metering solar facilities. The NJBPU and TRC invites all solar installers, developers and administrative staff to participate in this virtual Remote Net Metering training on February 6, 2025, at 2:00 PM EST. The agenda and a sign-up link for webinar are located on New Jersey's Clean Energy website at Successor Solar Incentive Program's [Remote Net Metering homepage](#).

Register in advance for this webinar:

https://trccompanies.zoom.us/webinar/register/WN_vUr3RVWcRjS7WLI1Ez_uog

After registering, you will receive a confirmation email containing information about joining the webinar and checking your system requirements. We encourage all registrants to follow these instructions and check their systems ahead of the meeting to ensure that they will have access.

Questions can be submitted during the webinar. Following the webinar, the presentation, webinar recording and written responses to the questions will be posted on the njcleanenergy.com website.

Any questions regarding the upcoming webinar can be submitted to njreinfo@njcleanenergy.com

Thank you for your interest in New Jersey's clean energy future.
