Message Center

This bill reflects BPU-approved changes, effective October 1, 2021, in the Delivery portion of your electric bill. The change in the Delivery portion of your bill is the result of an increase to the Universal Service Fund and Lifeline components of the Societal Benefits Charge. The overall increase for business customers will vary by individual customer usage. Tariff information may also be found by visiting pseg.com.

National Customer Service Week is celebrated nationwide in October. PSE&G would like to thank you for your business and recognize our customer service professionals, and all of our employees, who work hard every day to provide you with excellent service.

Prevent carbon monoxide poisoning. While CO poisoning is a year-round threat, it is more common in cold weather. Install CO detectors throughout your home or business. To learn more about how to protect yourself, visit pseg.com/gassafety.

Your monthly electric use

Visit MyAccount for more details regarding your energy usage.

MEASURED DEMAND

Demand kW 1.50
 Measured Demand is the maximum use of electricity at any time during a monthly time period, as measured by your meter.

BILLED DEMAND

Annual Demand kW 1.50

SUPPLY CAPACITY

Generation kW 1.052
 Transmission kW 0.942

Supply capacity is required to serve the system's annual peak usage. It represents your share of these facilities, in kilowatts (kW). It is calculated based on your peak usage from the previous summer. Supply capacity values are updated periodically throughout the year and are prorated based on your service period.

Price to compare

If you want to consider getting your electric supply from another supplier, compare their price with ours. This month, your cost for energy supply is \$24.05. This *price to compare* varies month to month, depending on your usage.

Your PoD ID is: PE00000000000000000000 – Your PoD ID is your Point of Delivery identification within PSE&G's system. You will need this number if you are considering enrolling with another supplier.

Your Community Solar

Each month you are billed for your monthly usage, and you receive a kWh allocation based on your subscription percentage and the solar facility's monthly generation.

Your monthly allocation is limited to your monthly usage amount. Any credit in excess of your usage will be carried over to a future month's bill.

Annually, kWh not applied to prior bills will be credited at the avoided cost of power.
