

Are you a College or University with Decarbonization Goals?

Higher Education Decarbonization Pilot

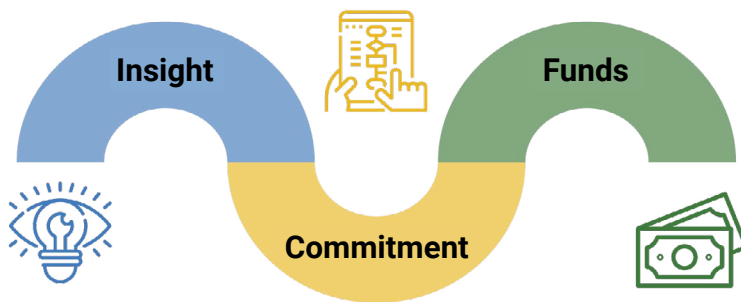

We can help you go farther, faster.

This program rewards New Jersey's 2 to 4 year colleges and universities with multi-building campuses taking steps toward reducing your carbon footprint.

- ✓ Meet your decarbonization goals
- ✓ Lower greenhouse gas emissions
- ✓ Reduce energy bills
- ✓ Support New Jersey's clean energy goals

Overcome the challenges in decarbonization

Strategy to reach your decarbonization goals

Energy Efficiency | EV Chargers | Combined Heat & Power

Incentives

Up to \$5M available per applicant:

- Reimbursements of up to **100%** of the cost for the development of a decarbonization plan
- Reimbursements of **\$1000/ton of CO₂** equivalent reduced, up to **75%** of total project cost

Be the next university to set your decarbonization goals!

Rutgers University
Net-zero emissions
by 2040

Princeton University
Net-zero emissions
by 2046

Rider University
Carbon neutral by
2050
