

Material Purchase Deadlines

To be eligible for SmartStart Existing Buildings incentives, an applicant must have purchased the subject equipment on or prior to the relevant date set forth below, which is determined based upon which utility is providing the energy saved by the equipment.

Utility Provider	Material Purchase Deadline
PSE&G	5/31/2021
All Other Investor-owned Utilities	6/30/2021

If your equipment is not eligible according to the above, visit www.NJCleanEnergy.com/Transition for instructions regarding how to find a Utility-sponsored energy efficiency program that may suit your needs.

Application Instructions

1. New to SmartStart? Download the SmartStart Program Guide or contact us at (866) NJSMART with questions.
2. Pre-approval is not required for Food Service Equipment applications; however, **Material purchase deadlines apply.**
3. Ensure that the facility is eligible for participation in the program by reviewing a recent electric or gas utility bill (as applicable to the equipment type) to confirm that Societal Benefits Charges are paid to an investor-owned utility under a commercial rate code.
4. Review all measure requirements to confirm that the equipment you are purchasing meets efficiency requirements and is eligible for an incentive.
5. If you need assistance with the development of a scope of work or do not know what type of equipment you need, consult the [Trade Ally List](#) to find a contractor who can assist you.
6. You or your contractor must complete the Food Service Equipment application and the Excel incentive worksheet.
7. Submit the signed, completed form along with all supporting documentation listed in the Application Checklist to the program for review. An electronic version of this application is available through the online application portal. Please submit the application through a single method (online, email, mail, or fax).
8. We will review the submittal for completeness and contact you and your contractor (if listed) via email to retrieve any missing information or documentation.
9. An approval letter will be emailed to you and your contractor (if listed) indicating the approval date and estimated incentive amount set aside for your project.

Enhanced Incentives

Measure incentive rates listed on this form are doubled for equipment installed in existing buildings that meet at least one of the eligibility criteria listed below.

All projects are subject to an incentive cap equal to the applicant’s cost for the project (material and labor). Enhanced incentives do not apply to lighting projects of any kind. To qualify for an enhanced incentive, documentation, as listed in the table below, must be provided with the application package demonstrating that the entity or building location meets at least one of the eligibility categories.

Eligibility Basis	Criteria
Located in an Urban Enterprise Zone (UEZ)	<p>The building where equipment is or will be installed must be located within the bounds of an Urban Enterprise Zone (UEZ). Please follow the steps below to confirm your facility is within the qualifying zone. The building location must be checked against the NJ Community Asset Map.</p> <ol style="list-style-type: none"> 1. Enter the address of your building in the field at the top of the map. 2. Under the Layers menu on the left side of the screen, scroll down to Urban Enterprise Zones and <i>check</i> to enable the layer. 3. Print or save a screenshot of the page to include with your submission. <p>For the avoidance of doubt, companies do not need to become a Certified UEZ Business to be eligible for enhanced incentives from NJCEP.</p>
Located in an Opportunity Zone (OZ)	<p>The building where equipment is or will be installed must be located within the bounds of an Opportunity Zone (OZ). Please follow the steps below to confirm your facility is within the qualifying zone. The building location must be checked against the NJ Community Asset Map.</p> <ol style="list-style-type: none"> 1. Enter the address of your building in the field at the top of the map. 2. Under the Layers menu on the left side of the screen, scroll down to Opportunity Zones and <i>check</i> to enable the layer. 3. Print or save a screenshot of the page to include with your submission.
Affordable Housing	<p>Any multifamily housing that an official document identifies as participating in a federal, state, or local affordable housing program. This includes, by way of example only, the New Jersey Department of Community Affairs listing of Affordable Housing available here https://www.state.nj.us/dca/divisions/codes/publications/developments.html as well as official documents showing identification by the documents regarding New Jersey Housing and Mortgage Finance Agency, United States Low Income Housing Tax Credit (LIHTC), and United States Housing and Urban Development (HUD).</p>
Owned or operated by a Municipal Entity	<p>The building must be owned or operated by a Municipal Entity as evidenced by the name listed on the utility bill(s) for the building. If the name as shown on the utility bill(s) does not clearly delineate a Municipal Entity, other documentation may be accepted to demonstrate ownership on a case-by-case basis. Please contact the Program Manager for specific guidance.</p> <ul style="list-style-type: none"> ➤ The Municipal Entity name must be recognized on the New Jersey Municipalities Search tool available at: https://www.nj.gov/nj/gov/direct/municipality.html or be listed here: https://nj.gov/comptroller/news/docs/authoritiescommission.pdf.
Owned or operated by a County Entity	<p>The building must be owned or operated by a County Entity as evidenced by the name listed on the utility bill(s) for the building. If the name as shown on the utility bill(s) does not clearly delineate a County Entity, other documentation may be accepted to demonstrate ownership on a case-by-case basis. Please contact the Program Manager for specific guidance. Enhanced incentives for Counties apply to buildings owned or operated by one of the counties listed here: https://www.state.nj.us/nj/gov/county/counties.html</p> <ul style="list-style-type: none"> ○ This includes, among other things, buildings owned or operated by any “community college” listed here: https://www.nj.gov/highereducation/colleges/schools_sector.shtml ○ And authorities and commissions listed here: https://nj.gov/comptroller/news/docs/authoritiescommission.pdf
Owned or operated by K-12 Public School	<p>The building must be owned or operated by a K-12 Public School as evidenced by the name listed on the utility bill(s) for the building. If the name as shown on the utility bill(s) do not clearly delineate a K-12 Public School, other documentation may be accepted to demonstrate ownership on a case-by-case basis. Please contact the Program Manager for specific guidance.</p> <ul style="list-style-type: none"> □ The K-12 Public School name must be recognized on the New Jersey School Directory available at: https://homerom5.doe.state.nj.us/directory/pub.php

Application Checklist

The following documentation must be attached to all completed, signed applications: ***Material purchase deadlines apply.**

- For projects requesting enhanced incentives: Attach documentation demonstrating eligibility as described in the Enhanced Incentives section of this application.
- Excel Food Service Equipment measure worksheet as provided on the NJ Clean Energy SmartStart program website.
- A recent copy of a full utility bill from a participating electric utility showing Societal Benefits Charge and commercial billing code.
 - Name and account # of the customer listed on the application must match the name of the customer and account # listed on the utility bill.
 - For projects where a utility account has not yet been established, the utility bill is not required with the initial application submission, however the customer will be required to submit a utility bill prior to incentive payment.
- Manufacturer's specification sheets for proposed equipment. For specification sheets with multiple model numbers, highlight or circle the specific configuration you plan to install
- Proof of qualified product listing, where required, in the form of a printout from the ENERGY STAR® qualified product list, CEE qualified product list or appropriate ASTM standard of performance documentation. Please see the specific measure requirements for details on which supporting documentation is required for your equipment.

Application Process for Payment

If your project is already complete, please include the following additional documentation for approval and payment. Please note, a post inspection may be required prior to incentive being processed.

- Material invoice
 - The invoice should include the model number of the equipment installed, quantity, and unit price.
 - Sufficient documentation must be submitted with the material invoice demonstrating the date of equipment purchase, such as a purchase order, if it is not clear on the material invoice.
- Labor Invoice
 - Labor/installation price must be listed separately from material price.
 - For projects that were self-installed by the participating customer, a signed letter on participating customer letterhead attesting to the start and end dates of the self-installation should be provided.
- Tax Clearance Certificate obtained from NJ Division of Taxation
 - Instructions on applying for the certificate can be found at www.njcleanenergy.com/TCC.
 - No incentive will be paid without receipt of a valid Tax Clearance Certificate. Certificates are valid for 180 days and must be valid on the date TRC signs off on the incentive. The name of the customer and tax ID number appearing on the tax clearance must align with the customer name listed on the provided utility bill and application.
- W9 form, ST-4 or ST-5 Form. This form must be completed by the entity receiving incentive payment.
 - Certain private business entities may hold a "Sales Tax Exempt Organization Certificate (Form ST-5)." This form applies solely to purchases of tangible personal property or services and does not exempt the entity from the requirement to submit the Application for Tax Clearance.

Incentive Rates and Requirements

Cooking Equipment

1. Equipment must be qualified by the current version of ENERGY STAR, CEE or ASTM criteria defined in the reference table at the end of this application.
2. Commercial Fryers: Multiple vat configurations are paid per qualifying vat.
3. Combination oven/steamer pan capacity on based on the maximum capacity of full-size 2 1/2-inch deep hotel pans. This must be consistent with the number of pans used to meet the energy-efficiency qualifications per ASTM F2861.

Equipment Type	Description	Size	Measure Code	Incentive
Commercial Combination Oven/Steamer	Electric	Less than 15 pans	FOOD1	\$1,000 per oven
		15-28 Pans	FOOD2	
		Greater than 28 Pans	FOOD3	
	Gas	Less than 15 pans	FOOD4	\$750 per oven
		15-28 Pans	FOOD5	
		Greater than 28 Pans	FOOD6	
Commercial Convection Oven	Electric		FOOD37	\$350 per oven
	Gas		FOOD38	\$500 per oven
Commercial Rack Oven	Single oven (Gas)		FOOD39	\$1,000 per single oven
	Double oven (Gas)		FOOD40	\$2,000 per double oven
Commercial Fryer	Electric		FOOD43	\$200 per vat
	Gas		FOOD44	\$749 per vat
Commercial Large Vat Fryer	Electric		FOOD45	\$200 per vat
	Gas		FOOD46	\$500 per vat
Commercial Griddle	Electric		FOOD47	\$300 per griddle
	Gas		FOOD48	\$125 per griddle
Commercial Steam Cooker	Electric		FOOD49	\$1,250 per steamer
	Gas		FOOD50	\$2,000 per steamer

Food Service Equipment Application

FY22 July 1, 2021 – June 30, 2022

Refrigerators/Freezers

1. The refrigeration system must be built-in (packaged).
2. Cases with remote refrigeration systems do not qualify.
3. Equipment must meet ENERGY STAR Version 4.0 specification.

Equipment Type	Refrigerator/Freezer Internal Volume	Measure Code	Incentive
ENERGY STAR® Commercial Glass Door Refrigerator	< 15 ft ³	FOOD7	\$75
	≥ 15 to < 30 ft ³	FOOD8	\$100
	≥ 30 to < 50 ft ³	FOOD9	\$125
	≥ 50 ft ³	FOOD10	\$150
ENERGY STAR® Commercial Solid Door Refrigerator	< 15 ft ³	FOOD11	\$50
	≥ 15 to < 30 ft ³	FOOD12	\$75
	≥ 30 to < 50 ft ³	FOOD13	\$125
	≥ 50 ft ³	FOOD14	\$200
ENERGY STAR® Commercial Glass Door Freezer	< 15 ft ³	FOOD15	\$200
	≥ 15 to < 30 ft ³	FOOD16	\$250
	≥ 30 to < 50 ft ³	FOOD17	\$500
	≥ 50 ft ³	FOOD18	\$1,000
ENERGY STAR® Commercial Solid Door Freezer	< 15 ft ³	FOOD19	\$100
	≥ 15 to < 30 ft ³	FOOD20	\$150
	≥ 30 to < 50 ft ³	FOOD21	\$300
	≥ 50 ft ³	FOOD22	\$600

Food Service Equipment Application

FY22 July 1, 2021 – June 30, 2022

Ice Machines

1. Proposed ice machines must qualify on one of the two following lists:
 - a. **Tier 1:** ENERGY STAR® Certified Commercial Ice Machines:
<https://www.energystar.gov/productfinder/product/certified-commercial-ice-machines/results>
 - b. **Tier 2:** CEE Commercial Kitchens Ice Machines – Must be on CEE Tier 2 Ice Machines tab:
<https://library.cee1.org/content/commercial-kitchens-ice-machines-qualifying-product-list>
2. Includes machines generating ice cubes that are 60 grams (2 oz.) or lighter. This includes flaked, crushed and fragmented ice makers.
3. Incentive is offered for air-cooled machines (self-contained, ice making heads, or remote condensing). The entire ARI tested ice making system must be purchased. Remote machines must be purchased with qualifying remote condenser or remote condenser/compressor unit.
4. Ice machines must be tested in accordance with the Air Conditioning and Refrigeration Institute (ARI) Standard 810. Visit www.ari.org for product information and testing procedures.
5. Residential rated equipment does not qualify for an incentive through the commercial program.

Equipment Type	Ice Harvest Rate	Measure Code	Incentive
ENERGY STAR® Commercial Ice Machine	101–200 lbs/day	FOOD23	\$50 per unit
	201–300 lbs/day	FOOD24	\$50 per unit
	301–400 lbs/day	FOOD25	\$75 per unit
	401–500 lbs/day	FOOD26	\$75 per unit
	501–1000 lbs/day	FOOD27	\$125 per unit
	1001–1500 lbs/day	FOOD28	\$200 per unit
	Greater than 1500 lbs/day	FOOD29	\$250 per unit
CEE Tier 2 Ice Machines	101–200 lbs/day	FOOD30	\$100 per unit
	201–300 lbs/day	FOOD31	\$100 per unit
	301–400 lbs/day	FOOD32	\$150 per unit
	401–500 lbs/day	FOOD33	\$150 per unit
	501–1000 lbs/day	FOOD34	\$250 per unit
	1001–1500 lbs/day	FOOD35	\$400 per unit
	Greater than 1500 lbs/day	FOOD36	\$500 per unit

Food Service Equipment Application

FY22 July 1, 2021 – June 30, 2022

Holding Cabinets

1. Must meet CEE Tier II or current ENERGY STAR® specification.
2. Incentive is offered for electric hot food holding cabinets that are fully insulated and have solid doors. Does not include cook and hold equipment.

Equipment Type	Size	Measure Code	Incentive
Insulated Holding Cabinets	Full Size	FOOD51	\$300 per unit
	¾ Size	FOOD52	\$250 per unit
	½ Size	FOOD53	\$200 per unit

Dishwashers

1. Equipment must be qualified by the current version of ENERGY STAR® or CEE.
2. Residential rated equipment does not qualify for this incentive offering.

Equipment Type	Description	Measure Code	Incentive
Commercial Dishwasher	Under Counter	FOOD54	\$400 per unit
	Door Type	FOOD55	\$700 per unit
	Single Tank Conveyor	FOOD56	\$1,000 per unit
	Multiple Tank Conveyor	FOOD57	\$1,500 per unit

Reference: ASTM Equipment Criteria for Cooking Equipment

Equipment	Type	ASTM Cooking Equipment Criteria
Commercial Combination Oven/Steamer	Electric	<ul style="list-style-type: none"> Must meet the idle energy rate requirements in the Electric Combination Oven/Steamer Table, utilizing American Society for Testing and Materials (ASTM) F2861. Must have a cooking energy efficiency of 55 percent or greater in steam mode and 76 percent cooking energy efficiency or greater in convection mode, utilizing (ASTM) F2861. Combination oven/steamer pan capacity based on the maximum capacity of full-size 2 1/2-inch deep hotel pans. This must be consistent with the number of pans used to meet the energy-efficiency qualifications per ASTM F2861.
	Gas	<ul style="list-style-type: none"> Must have a cooking energy efficiency of 41 percent or greater in steam mode and 56 percent or greater in convection mode, utilizing ASTM F2861. Must meet the idle energy rate requirements in the Gas Commercial Combination Oven/Steamer Table, utilizing ASTM F2861. Combination oven/steamer pan capacity on based on the maximum capacity of full-size 2 1/2-inch deep hotel pans. This must be consistent with the number of pans used to meet the energy-efficiency qualifications per ASTM F2861.
Commercial Convection Oven	Electric	<ul style="list-style-type: none"> Must have a tested heavy load (potato) cooking energy efficiency of 71 percent or more, utilizing ASTM F1496. Full-size electric ovens must have a tested idle energy rate of 1.6 kW or less, utilizing ASTM F1496. Half-size electric ovens must have a tested idle energy rate of 1.0 kW or less, utilizing ASTM F1496.
	Gas	Must have a tested heavy load (potato) cooking energy efficiency of 46 percent or greater and an idle energy rate of 12,000 Btu/h or less, utilizing ASTM F1496.
Commercial Rack Oven	Gas	<ul style="list-style-type: none"> Single rack ovens must have a tested baking energy efficiency of 48 percent or greater and a total energy idle rate of 25,000 Btu/h or less, utilizing ASTM F2093. Double rack ovens must have a tested baking energy efficiency of 52 percent or greater and a total energy idle rate of 30,000 Btu/h or less, utilizing ASTM F2093.
Commercial Fryer	Electric	Must have a tested heavy load cooking energy efficiency of 83 percent or greater and an idle energy rate of 800 W or less, utilizing ASTM F1361.
	Gas	Must meet a tested heavy load cooking energy efficiency of 50 percent or greater and an idle energy rate of 9,000 Btu/h or less, utilizing ASTM F1361.
Commercial Large Vat Fryer	Electric	Must have a tested heavy load (French fry) cooking energy efficiency of 80 percent or greater and an idle energy rate of 1,100 W or less, utilizing ASTM F2144.
	Gas	Must have a tested heavy load (French fry) cooking energy efficiency of 50 percent or greater and an idle energy rate of 12,000 Btu/h or less, utilizing ASTM F2144.
Commercial Griddle	Electric	Must have a tested heavy load cooking energy efficiency of 70 percent or greater and an idle energy rate of 355 watts per square foot of cooking surface or less, utilizing ASTM F1275.
	Gas	Must have a tested heavy load cooking energy efficiency of 38 percent or greater and an idle energy rate of 2,650 Btu/h per square foot of cooking surface or less, utilizing ASTM F1275.
Commercial Steam Cooker	Electric	Must have a tested heavy load (potato) cooking energy efficiency of 50 percent or greater, utilizing ASTM F1484.
	Gas	Must have a tested heavy load (potato) cooking energy efficiency of 38 percent or greater, utilizing ASTM F1484.

NJ SmartStart Buildings Program Terms and Conditions – Existing Buildings

FY22 July 1, 2021 – June 30, 2022 v1.0

Eligibility

1. This application package must be received by the Program Manager on or before *June 30, 2022* in order to be eligible for the fiscal year program (*July 1, 2021 – June 30, 2022*) incentives. All participating customers are required to submit the most current application form. All submissions will be reviewed based on the current program requirements and incentive levels approved by the Board of Public Utilities.
2. Program Incentives are available to non-residential retail electric and/or gas service participating customers of New Jersey Utilities. A participating customer must pay Societal Benefits Charges under a New Jersey Utility account serving the fuel type (electric or gas) applicable to the specific Energy-Efficient Measure. Participating customers who have not contributed to the Societal Benefits Charge of the applicable New Jersey Utility are not eligible for incentives offered through this program. New Jersey Utilities include Atlantic City Electric, Jersey Central Power & Light, Rockland Electric Company, New Jersey Natural Gas, Elizabethtown Gas, PSE&G and South Jersey Gas.
3. Each utility account requires a complete, separate application. Projects for the same utility account and the same technology being done at the same time should be submitted on one application.

4. **Requirements regarding applications for existing buildings measures:**

- To be eligible for SmartStart Existing Buildings incentives, an applicant must have purchased the subject equipment on or prior to the relevant date set forth below, which is determined based upon which utility is providing the energy saved by the equipment.

Project Type and Utility Provider	Material Purchase Deadline	
Gas-only or electric-only savings projects:	PSE&G Customers:	5/31/2021
	All Other Investor-owned Utilities:	6/30/2021
Both gas and electric savings and one of the relevant Utilities is not PSE&G	6/30/2021	
Both gas and electric savings and PSE&G is both the relevant gas and the relevant electric Utility	5/31/2021	

- If your equipment is not eligible according to the above, you may visit (www.njcleanenergy.com/Transition) for instructions regarding how to find a Utility-sponsored energy efficiency program that may suit your needs.
 - Before commencing installation or construction of equipment that will be the subject of a SmartStart application, applicants for the following types of projects must receive either a notification of a successful pre-inspection or a waiver of pre-inspection from the Program Manager:
 - Custom measures; and
 - Prescriptive Lighting seeking incentives ≥ \$100,000; and
 - Lighting Controls seeking incentives ≥ \$100,000; and
 - Further, and for the avoidance of doubt, the above requirement does not apply to any other SmartStart application types. However, to be eligible for incentives related to those other application types (i.e., types that are not identified in the bullets immediately above), the application must be submitted to the Program Manager within 12 months of equipment purchase. For example, an application for refrigeration equipment may be submitted at any time up to 12 months after equipment purchase and without any pre-inspection or prior approval from the Program Manager. Sufficient documentation must be provided to the Program Manager confirming date of equipment purchase (material invoice, purchase order, etc.). Despite the flexibility provided above, **all applicants are nonetheless strongly encouraged to obtain the Program Manager’s approval and an incentive commitment prior to commencing installation or construction. Customers implementing projects without the Program Manager’s approval do so at their own risk, including, among other things, the risk of having their project deemed ineligible for incentives.**
5. In order to be eligible for program incentives, a participating customer or an agent (contractor/vendor) authorized by a participating customer, must submit a properly completed application package that is signed by the participating customer. A complete application package should include all documentation listed in the checklist section of the application.
 6. Applications signed by someone other than the customer require a letter of authorization.
 7. Project invoices should list both the *labor and material costs separately*. The invoice should include a description of the equipment installed, quantity, and unit price.
 8. For projects that are self-installed by the participating customer, in addition to the material invoices listing the equipment installed, quantity, and unit price, written documentation from the participating customer must be provided in lieu of a labor invoice attesting to the start and end dates of the self- installation.
 9. Energy-Efficient Measures must be installed in buildings located within New Jersey Utilities’ service territory and designated on the participating customer’s incentive application.
 10. Program Incentives are available for qualified Energy-Efficient Measures as listed and described in the Program materials and incentive applications.
 11. The participating customer must ultimately own the equipment through an up-front purchase. Equipment procured by participating customers through another program offered by New Jersey’s Clean Energy Program or the New Jersey Utilities, as applicable, are not eligible for incentives through this program.
 12. Incomplete application submissions, applications requiring inspections and unanticipated periods of high volume may cause processing delays.

NJ SmartStart Buildings Program Terms and Conditions – Existing Buildings

FY22 July 1, 2021 – June 30, 2022 v1.0

Incentive Amounts

1. Program Incentives will not exceed the lesser of:
 - a. the approved Program incentive amount, or
 - b. the total project cost of the Energy-Efficient Measure.
 - i. Project cost is the expense directly associated with the Energy Efficient Measure, excluding NJ state sales tax.
2. Products offered at no direct cost to the participating customer are ineligible.
3. Program Incentives are limited to \$500,000 per utility account in a fiscal year.
4. Buildings (a) owned or operated by Municipalities, Counties, K-12 Public Schools, (b) located in UEZs or OZs zones or (c) that constitute Affordable Housing may be eligible for an enhanced incentive but are subject to a cap of the applicant's cost for the project (material and labor). Neither Performance Lighting, Prescriptive Lighting, Lighting Controls are eligible for Enhanced Incentives.

Inspections

1. Pre-Inspection: See Eligibility, Section 4, above.
2. Post-Inspection: These projects are subject to the Program's random inspection selection process. The Program must have reasonable access to participating customer's facility to post inspect the Energy-efficient measures installed under this Program.

Tax Clearance Certificate Requirements

1. Participating customers must provide a Tax Clearance Form(entitled "Business Assistance or Incentive Clearance Certificate") for Board of Public Utilities use.
2. The name of the customer listed on the certificate must match the participating customer name listed on the utility bill and the application.
3. The participating customer tax ID listed on the application must agree with the tax ID listed on the Certificate.
4. Certificates are valid for 180 days and must be valid on the date the Program Manager signs off on the incentive.

Deficient Applications

1. If an application package is incomplete, information is missing or deemed insufficient, a deficiency notice will be sent to the participating customer requesting additional information via e-mail. The information or documentation requested on the email must be received by the Program Manager within 30 days of the date of the request. If additional deficiencies are still noted, there will be up to two additional notifications issued with the same time frames.
2. If a participating customer fails to respond to a deficiency request within 30 days or exceeds the three attempts provided, the application will be rejected.

Expirations

1. Pre-approved projects are given a one-year approval in which the proposed measure is to be installed and operational. When a project has expired the participating customer will have 30 days to either submit a request for an extension OR submit final project paperwork. If no response is received within 30 days of expiration, the project will be cancelled.
2. Extension requests must be in writing from the participating customer and include the circumstances that led to the extension request, and the percentage of the project completed.
3. Extension requests may be granted for a period no longer than six (6) months. The Program Manager may provide up to two six- month extensions from the original approval expiration date.
4. Upon expiration, if the project has not started and the participating customer is still interested in installing the equipment, the existing application will be cancelled.

Change in participating customer name/payee after pre-approval

To initiate a change to the participating customer name or payee on an approved application, the following documentation must be provided:

1. Documentation from the participating customer authorizing the change
2. A new, fully signed application reflecting the updated participating customer or payee name.
3. For name change of the applicant/customer, a utility bill in the name of the new participating customer is required.
4. All such changes requests are subject to Program Manager approval.
5. Certain requests may require additional information to be submitted as defined by the Program Manager.

Tax Liability

The Program Manager will not be responsible for any tax liability that may be imposed on any participating customer as a result of the payment of Program Incentives. All Participating Customers must supply their federal tax identification number or social security number to the Program Manager on the application form in order to receive a Program Incentive.

Prevailing Wage

Participating projects with a contract at or above current prevailing wage contract threshold amount set pursuant to the New Jersey Prevailing Wage Act (N.J.S.A. 34:11-56.25 et seq.) are required to pay no less than prevailing wage rate to workers employed in the performance of any construction undertaken in connection with Board of Public Utilities financial assistance, or undertaken to fulfill any condition of receiving Board of Public Utilities financial assistance, including the performance of any contract to construct, renovate or otherwise prepare a facility, the operations of which are necessary for the receipt of Board of Public Utilities financial assistance. By submitting an application, or accepting program incentives, applicant agrees to adhere to New Jersey Prevailing Wage requirements, as applicable. By signing the application, the signatories agree to comply with the provisions of the New Jersey Prevailing Wage Act, N.J.S.A. 34: 11-56.25 et seq., (Act), if and to the extent that Act may apply to the work covered by the application.

Endorsement

The Program Manager and Administrator do not endorse, support or recommend any particular manufacturer, product or system design in promoting this Program.

NJ SmartStart Buildings Program Terms and Conditions – Existing Buildings

FY22 July 1, 2021 – June 30, 2022 v1.0

Warranties

THE PROGRAM MANAGER AND ADMINISTRATOR DO NOT WARRANT THE PERFORMANCE OF INSTALLED EQUIPMENT, AND/OR SERVICES RENDERED AS PART OF THIS PROGRAM, EITHER EXPRESSLY OR IMPLICITLY. NO WARRANTIES OR REPRESENTATIONS OF ANY KIND, WHETHER STATUTORY, EXPRESSED, OR IMPLIED, INCLUDING, WITHOUT LIMITATIONS, WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE REGARDING EQUIPMENT OR SERVICES PROVIDED BY A MANUFACTURER OR VENDOR QUALIFY. CONTACT YOUR VENDOR/SERVICES PROVIDER FOR DETAILS REGARDING PERFORMANCE AND WARRANTIES.

Limitation of Liability

By virtue of participating in this Program, Participating Customers agree to waive any and all claims or damages against the Program Manager or the Administrator, except the receipt of the Program Incentive. Participating Customers agree that the Program Manager's and Administrator's liability, in connection with this Program, is limited to paying the Program Incentive specified. Under no circumstances shall the Program Manager, its representatives, or subcontractors, or the Administrator, be liable for any lost profits, special, punitive, consequential or incidental damages or for any other damages or claims connected with or resulting from participation in this Program. Further, any liability attributed to the Program Manager under this Program shall be individual, and not joint and/or several.

Termination

The New Jersey Board of Public Utilities reserves the right to extend, modify (this includes modification of Program Incentive levels) or terminate this Program without prior or further notice.

Participating Customer's Certification

Participating Customer certifies that he/she purchased and installed the equipment listed in their application at their defined New Jersey location. Participating Customer agrees that all information is true and that he/she has conformed to all of the Program and equipment requirements listed in the application.

Acknowledgement

The applicant hereby permits the Program Manager and the administrator of the New Jersey Board of Public Utilities (BPU) New Jersey's Clean Energy Program (NJCEP) to share any and all information the applicant submits to NJCEP, including, but not limited to, the applicant's electric and natural gas utility billing information, with BPU NJCEP contractors (including, without limit, those contractors who administer, manage, coordinate, or evaluate all or part of NJCEP) and his/her electric and natural gas utilities and the contractors who administer, manage, coordinate, or evaluate all or part of the utilities' programs that succeed and/or are similar to NJCEP. The applicant hereby acknowledges that the Program Manager and administrator may disclose to the public any of my information that is not exempt from public disclosure pursuant to the Open Public Records Act, N.J.S.A. 47:1A-1 et seq.

Enhanced Incentive

The Enhanced Incentive does not apply to Prescriptive Lighting, Performance Lighting or Lighting Controls. See details and eligibility requirements on the applications.

Definitions

- Energy-Efficient Measures – Any device eligible to receive a Program Incentive payment through the Program.
- New Jersey Utilities – The regulated electric and/or gas utilities in the State of New Jersey:
