BY COMMISSIONER MARY-ANNA HOLDEN:

By Order dated May 23, 2012, in In re Review of Utility Supported Programs, Docket EO11050311V ("May 23 Order"), the New Jersey Board of Public Utilities ("Board") authorized the extension of certain utility run solar financing programs that had been approved by the Board pursuant to an Order dated August 7, 2008.¹

On August 15, 2012, Jersey Central Power and Light Company ("JCP&L") filed a petition² with

¹ In re Renewable Energy Portfolio Standards: Amendments to the Minimum Filing Requirements for Energy Efficiency, Renewable Energy and Conservation Programs and for Electric Distribution Company Submittal of Filing in Connection with Solar Financing. (Docket EOO6100744).

² In re Verified Petition of Jersey Central Power & Light Company Concerning a Proposal for an SREC-based Financing Program under N.J.S.A. 48:3-98.1. (Docket EO12080750).

the Board requesting approval of its "SREC II" solar financing program ("JCP&L Program"), pursuant to the Board's May 23 Order and pursuant to N.J.S.A. 48:3-98.1. According to the petition, the JCP&L Program is a 52 megawatt ("MW") program modeled closely on JCP&L's and Atlantic City Electric's ("ACE") first solar renewable energy certificate ("SREC") financing program ("Original SREC Program") approved by Board Orders dated March 29, 2009 and September 16, 2009 under dockets EO08100875 and EO08090840.³

On September 6, 2012, ACE filed a petition⁴ with the Board requesting approval of its solar financing program ("ACE Program"), also pursuant to the May 23 Order and N.J.S.A. 48:3-98.1. According to the petition, ACE's Program is a 23 MW program modeled closely on the Original SREC Program as well.

By Order dated October 4, 2012, under Docket EO12080750, the Board retained JCP&L's petition for review and hearing, and as authorized by N.J.S.A. 48:2-32, designated me as the presiding officer with authority to rule on all motions that arise during the pendency of the case. By Order dated December 19, 2012 under Docket EO12090799 ("December 19 Order"), the Board retained ACE's petition for review and hearing, and as authorized by N.J.S.A. 48:2-32, designated me as the presiding officer with authority to rule on all motions during the pendency of the case. Additionally, the December 19 Order authorized me to render a decision on a stipulation pursuant to N.J.S.A. 48:2-21.3 extending the 180-day review period with regard to the ACE Program, provided that the stipulation submitted is executed by all the parties to the proceeding. This authority is limited to a single extension of the 180-day period.

On January 15, 2013, ACE, JCP&L, Board Staff and the Division of Rate Counsel ("Rate Counsel") (jointly, the "Parties"), the only Parties at this time, executed a stipulation ("Stipulation") extending the respective 180-day review periods under N.J.S.A. 48:3-98.1 b for both the JCP&L and ACE Programs to June 30, 2013. By Order dated January 18, 2013, I approved the extension of the review period for the ACE Program to June 30, 2013, and by Order dated January 23, 2013, the Board approved the corresponding extension for the JCP&L Program.

PROCEDURAL SCHEDULE

On December 18, 2012, the Parties agreed in a conference call to establish a joint procedural schedule to facilitate discussion of similar proposals in the ACE Program and the JCP&L Program. A schedule was circulated on January 14, 2013, and agreed to by the Parties that I subsequently approved. The Parties have now requested additional modifications to the schedule. In light of this agreement and having received no objections after notice to the e-list, I **HEREBY REVISE** the procedural schedule for the ACE and JCP&L filings as follows:

³ In re Verified Petition of Jersey Central Power & Light Concerning a Proposal for a SREC-based Financing Program under N.J.S.A. 48:3-98. (Docket EO08090840). In Re Atlantic City Electric Company Renewable Portfolio Standard Amendments to the Minimum Filing Requirements for Energy Efficiency, Renewable Energy and Conservation Programs and for Electric Distribution Company Submittal of Filing in Connection with Solar Financing. (Docket EO08100875).

⁴ In re the Petition of Atlantic City Electric Company Concerning a Proposal for an Extended SREC-based Financing Program Pursuant to N.J.S.A. 48:3-98.1. (Docket EO12090799).

Any subsequent change to the procedural schedule will apply to both ACE and JCP&L.

Approval of this schedule is dependent on approval of a stipulation to extend the review date under N.J.S.A. 48:3-98.1 which I am advised will be submitted to the Board.

This ruling is provisional and subject to ratification or other alteration by the Board as it deems appropriate during the proceeding in this matter.
