

## **Large Scale Combined Heat and Power - Fuel Cells Program**

A new rolling solicitation for the Large Scale Combined Heat and Power (CHP) - Fuel Cells Program is anticipated to open in early 2013. The Large Scale CHP – Fuel Cells Program is funded by the New Jersey Board of Public Utilities and administered in conjunction with the New Jersey Economic Development Authority (EDA). The program is designed to support the development, design and construction of high efficiency CHP and fuel cell projects with installed capacity greater than 1 MW in New Jersey.

For more information on the Program, please visit EDA's [website](#) or contact them at: **866-534-7789**. If you would like to be notified when the solicitation opens, please email: [lschp-fc@njeda.com](mailto:lschp-fc@njeda.com).
