EY 2020 Solar, Class I, and Class II RPS Requirements

Energy Year 2020	Solar	Class I	Class II	Total
June 1, 2019 - Dec. 31, 2019	4.90%	16.029%	2.50%	18.529%
June 1, 2019 - Dec. 31, 2019*	3.38%*	16.029%*	2.50%*	21.909%*
January 1, 2020 - May 31, 2020	4.90%	21.0%	2.50%	23.50%
January 1, 2020 - May 31, 2020*	3.38%*	21.0%*	2.50%*	26.88%*

(\*BGS Providers with existing contracts)

EY 2019 banked avoided Solar increase for EY 2019 was **409,772 SRECs**

The **409,772 SRECs** will be allocated among the BGS providers non-exempt electricity supplied over the next two energy years (**204,886 in EY 2020 and 204,886 in EY2021**) based upon a BGS provider's share of the non-exempt market.

May 31, 2020 – EY 2020 ends

June 1, 2020 – EY 2020 true-up period and EY 2021 Compliance period begins

June 10, 2020 – PJM load figures for EY 2020 are available to TPS/BGS providers in GATS. New for EY 2020, PJM “Settlement B” load adjustments are now received and processed in GATS on a two-month delay from the original load values. Therefore:

- Load for months that have been processed and include PJM meter adjustments are visible as “obligations” in the Retail LSE Subaccounts Summary on your GATS account landing page.
- Load for months that have not yet been processed and do not yet include meter adjustments are visible by clicking on the Load quantity under the Unprocessed Activity (MWh) section of your GATS account landing page.
- By Mid-August 2020, all months for EY 2020 will be processed into “obligations” reflecting the reconciled load figures from PJM.

July 21, 2020 – Staff convenes the Compliance Reporting Coordination Meeting for EY 2020 with EDCs, BGS Providers, TPS, and PJM-EIS GATS representatives

August 3-10, 2020 – EDCs to complete EY 2020 Retail Sales Spreadsheet and return to OCE

August 17, 2020 – OCE to email RPS Retail Sales adjustment Procedure Memo to EDC, BGS Providers, TPS and post on the NJ Clean Energy Website

August 17-Sept. 4, 2020 – EDC, BGS Providers, TPS complete and submit RPS Retail Sales adjustment requests to OCE

September 30, 2020 – OCE post final retail sales number based on GATS numbers and RPS Retail Sales adjustment requests. Compliance instructions also emailed and posted. Preliminary Solar requirement calculation instructions are also posted

Week of Oct. 16<sup>th</sup> - Final Solar requirement calculation instructions are posted.

Dec. 1, 2020 – EY 2020 true-up period for Solar, NJ Class I and Class II ends & All EY2020 RPS Compliance Reports are due
